## Foreword

This year the Wickiup Staff decided to do something entirely new to the annual. We planned to take a typical freshman boy and girl, show their ideas, progress, and abilities from the time of enrollment until graduation. Along with this we tried to show the progress of Agua Fria High.

Our book has made many physical changes too. These changes took place by dropping old sections and adding new ones. We feel these changes have added much to the Wickiup '62.

The Wickiup Staff sincerely hopes you enjoy this year's annual.

# Dedication

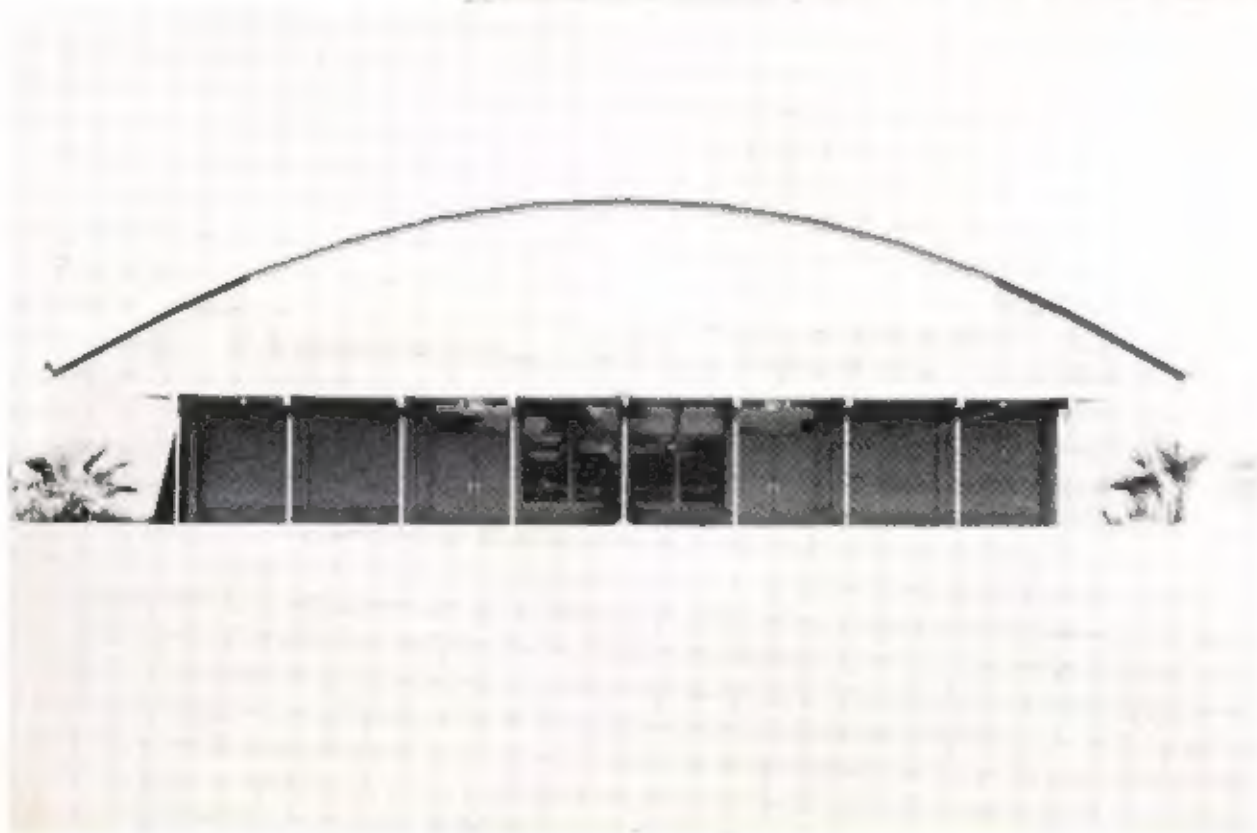

Since 1959 Agua Fria Union High School has made tremendous progress under the guidance of one who has been a beacon of light to hundreds of students. In addition to taking a personal interest in every student, he is active in community and church work.

Due to his efforts, our school has a broader curriculum, increased enrollment, new buildings, and more school spirit.

We, the Annual Staff, with pride, dedicate the 1962 Wickiup to Mr. Lester Kelley, our superintendent, in recognition of his outstanding work accomplished in the field of education. Here is a builder; a builder of schools, a builder of minds, and a builder of democracy.

## STUDENT BODY OFFICERS

Roberto Garcia, Vice-President;  
Paul Stone, Business Manager;  
Sharie Mitten, Secretary;  
Robert Rayner, President.

To provide a complete program of extra-curricular activities is the main purpose of the student council of Agua Fria. Highlighting their accomplishments were a fine homecoming celebration entitled "Those Wonderful Years," a spaghetti dinner, and dance, and the annual foreign exchange student carnival.

These student body officers represent the entire student body of Agua Fria at monthly Valley meetings and also at state-wide assemblies.

## CLASS REPRESENTATIVES

Left to right. Merrily Emery, Senior; Micheal Espil, Sophomore; Ricky Daggett, Sophomore; Kenny Cooper, Junior; Barbara Roach, Senior; Ivan Hunt, Senior; Mr. Kenney, Sponsor; Martha Luque, Freshman; Kathy Rhiel, Freshman; Julie Ash, Freshman; Judy Pigg, Freshman; Mary Bob Ross, Sophomore; Kathy Raymond, Sophomore.

Not pictured: Joe Smith, Senior; Bob Henry, Denise Gould, Andy Bedoya, Juniors, Kris Kinser, Sophomore; Rickey Lammers, Freshman, and Judy Chambers, Health and Safety Council

## HEALTH AND SAFETY COUNCIL

SEATED: Judy Chambers, President; Karen Pigg, Pat Montgomery, Pam Blazer, and Judy Glass. STANDING: John Pecharich, Treasurer; Barbara Westphal, Sergeant-at-Arms; Betty McCullough, Susan Drake, Susan Wooton, Vice-President; Susan Hawkins, Mary Wilson, Secretary; Barbara Porter, and Jim McArthur.

The Health and Safety Council was formed in 1958 as a subsidiary of the Student Council. It supervises an annual fund raising drive for the March of Dimes. They also supply food for the needy families and shut-ins, and provide shoes and medicine for students who would otherwise go without.

On this year's agenda were an assembly, a clothes drive, a program on narcotics, an annual school-wide hearing test, and free immunizations to those who desired them.

## MERIT COUNCIL

SEATED: Betty McCullough, Judy Glass, Jan Pecharich, Mary Porell. STANDING: Collis Brown, Raymond Sanchez, and Mardy Clayton.

The main purpose of the Merit Council is to give guidance and counsel to those who require it. Through necessary discipline this council and its advisor, Mr. Tom Hyde, try to make better citizens of Agua Fria's students, tomorrow's leaders.

# Junior Class

OFFICERS: Bob Henry, President; Susan Hawkins, Treasurer; Caren Coor, Vice-Pres.; J. Pecharich, Secretary.

The thrill of receiving Junior class rings was perhaps the most memorable experience of our Junior year.

There were, however, many things from the past year for Juniors to remember, such as the sore feet resulting from the candy sale which subsidized the Junior-Senior Prom, and the opportunity for us all to work in the Junior-class sponsored concession stand.

Building our vocabularies in Junior English and striving vainly to locate unheard of places on maps distributed by a certain history teacher are also unforgettable parts of the past year.

All in all, though, our Junior year holds for all of us many pleasurable experiences, the memories of which will last for many years to come.

# Sophomore Class

CLASS OFFICERS: Micheal Espil, President; Judy Roose, Vice-President; Pam Williams, Secretary; Pat Tidwell, Treasurer.

This year's sophomore class has obtained a head start on their junior year's obligations by sponsoring an after-game dance and a bake sale. Throwing themselves into the school spirit, they also entered a float in the Homecoming Parade. During the Christmas Season they brightened the Multi-Use room with a decorated Christmas tree.

STATE PRESIDENT, IVAN HUNT

Ivan Hunt, senior, was elected to the State Presidency of the FFA. In October Ivan led the Arizona delegation to the National Convention in Kansas, Missouri, where he served on the National Convention Committee and gave the committee report to over 8,000 boys. In the past year Ivan has traveled throughout the state visiting various chapters for the FFA. He was master of ceremonies at all the state assemblies. Ivan also represented the Future Farmers of America at all official functions where the organization was recognized.

Lynda Marquess was chosen FFA Sweetheart and crowned at an after game dance in October. Lynda attended the FFA field days at Tempe and Tucson. She was also an honored guest at the Parent and Son Banquet held in April. In August she will attend the State FFA Leadership Conference where she will be a candidate for State Sweetheart.

Officers of this honor group are Elizabeth Murray, President; Nereida Coulter, Vice-President; Mary Porell, Secretary; and Harry Plumlee, Treasurer.

Because character, scholarship, leadership, and service are qualities worthy of encouragement in all schools, the Praestantia chapter of the National Honor Society was established at Agua Fria on June 6, 1958.

To be qualified for this society a student must be on the Honor Roll every grading period of the previous year, have a recommendation from each of his teachers, and possess the above qualities.

# Curriculum

# Social Studies

A study of world history, American History, world geography, and civics composes our social study courses. Through these subjects we will be better informed to meet challenges. History links past and present government, and enables us to assume our responsibilities as citizens.

# Physical Education

Where academic subjects have strengthened our knowledge, physical education strengthens our bodies and builds character. Basketball, tennis, track, archery, football, and baseball are a few of the sports included in our Physical Education Department, which builds fitness.

# Science

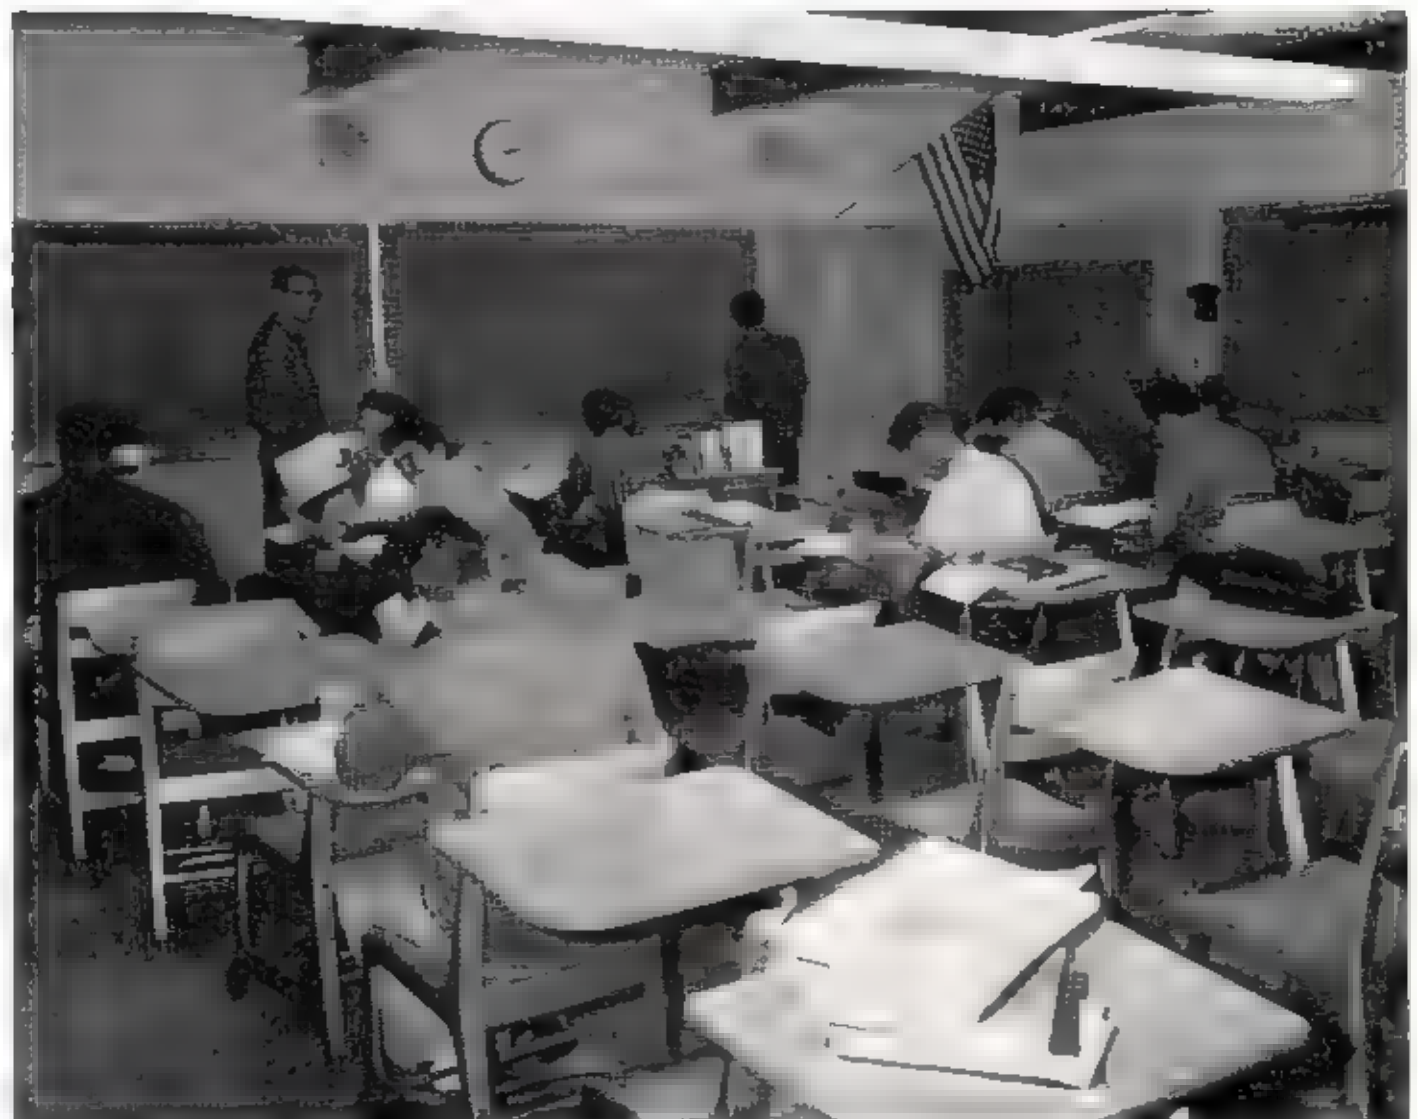

The Science Department, with its goal improving our knowledge of biological, chemical, and physical environment, with its goal of imization and instills insight into the future.

Courses of biology, general science, physics, and chemistry, and science seminar are offered at Agua Fria.

# Mathematics

Mathematics, the language of science, builds a foundation of logic. Mathematics, whether it is the multiplication table or analytical calculus, is the common tie between subjects.

The well rounded Mathematics department of Agua Fria includes algebra, geometry, physics, general math, trigonometry, and senior math.

# Home Economics

Perhaps no other department in the school draws as much attention as does the Home Economics Department. The proof is in the tantalizing odors of food cooking, the modeling of tailored garments, and many service activities performed

Among the areas which help provide a well-rounded program are child guidance, clothing, foods, home safety and care of the sick, and art in the home.

# Agriculture

Agriculture is the basis of civilized existence. Without an intelligent agriculturalist, the land would support only roving bands. The main purpose of Vocational Agriculture is to educate and train young men intelligently and efficiently in the many fields of Agriculture.

The study of Agriculture includes agronomy, farm management, animal husbandry, plant ecology, and farm mechanics.

## Auto Mechanics

Auto mechanics, a one year course offered to juniors and seniors, is based on theory. The students, working mostly on mock-ups, learn to more fully appreciate their automobiles. An understanding and awareness of auto mechanics enables students to become better informed consumers.

## Photography

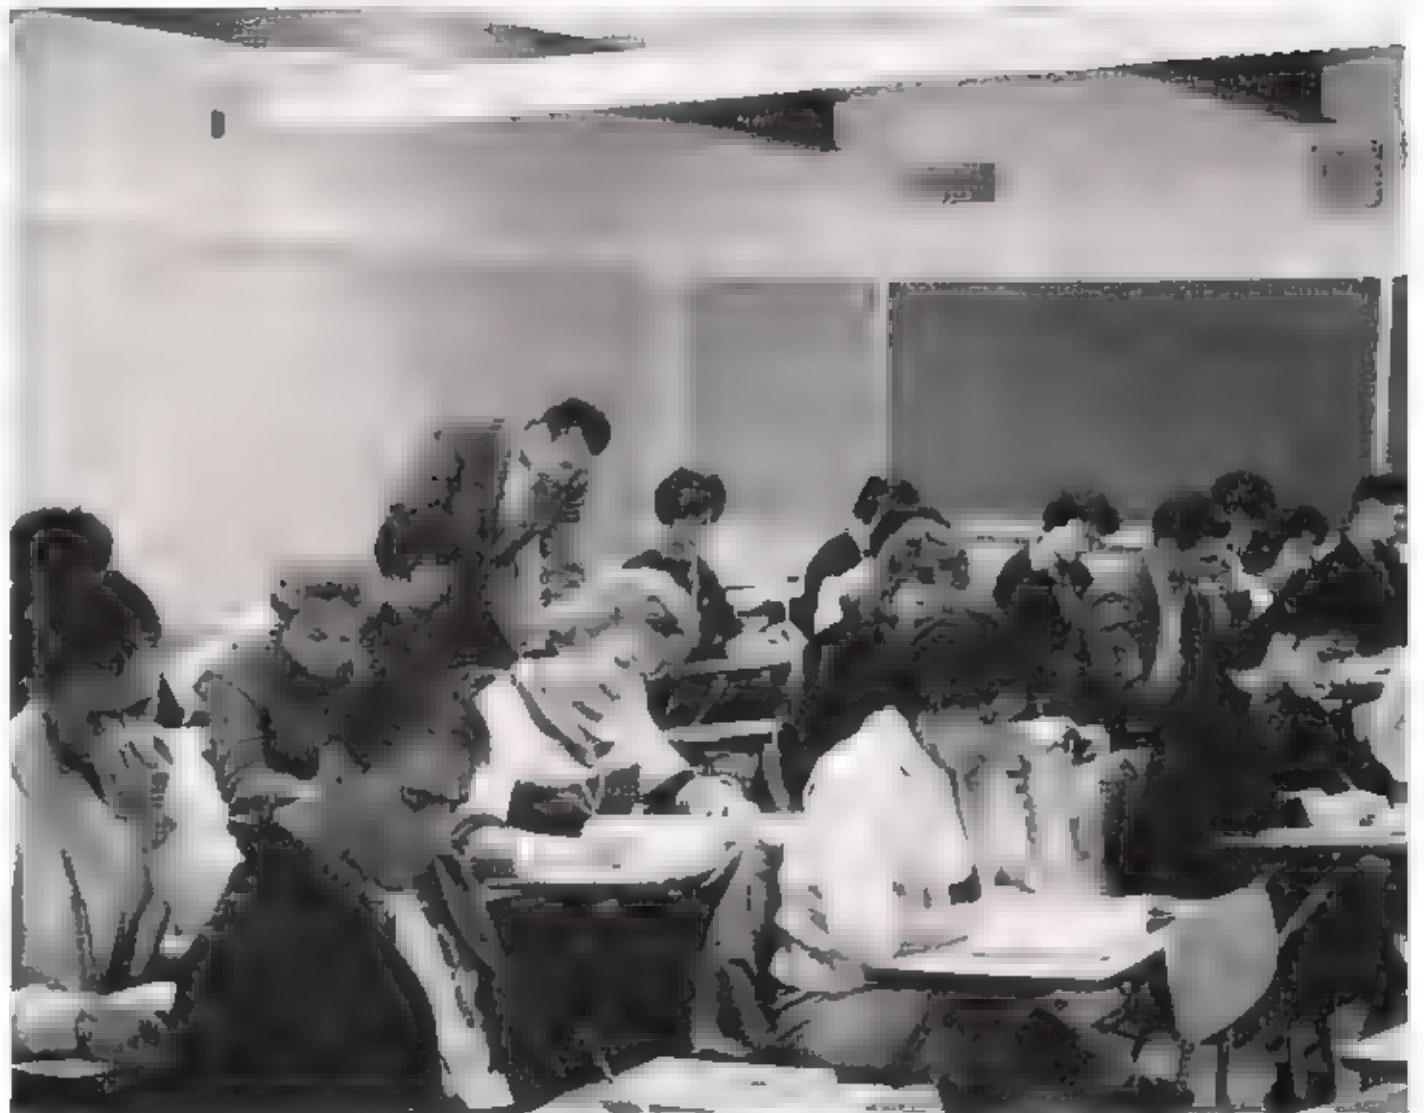

Photography plays a major role in annual and journalism, by supplying necessary pictures to the Wickiup and the Desert Howl. This course is offered for two years to sophomores, juniors and seniors. Students learn first what makes a good picture. Then they begin by getting sharp negatives. After that they learn to develop and make clear prints. The third and final step teaches the photography students the advantages of the enlarger.

# English

English is the basis for American education and provides the key to understanding. English is used throughout our daily life, and the better we express ourselves, the better chance we have for attaining our goals.

## Speech

During the year, speech activities range from reading tongue-twisters to working out a case for formal debate.

The main purpose of speech is to give the student a feeling of confidence when speaking in front of a group. The diligent student will increase his poise and ability to think clearly on his feet.

## Art

The study of art in most high schools includes not only drawing, but art appreciation as well. Its purpose is to cultivate the powers of observation, and to encourage the use of drawing as a language for the expression of ideas. The course of study covers such subjects as form, color, design, and construction of articles.

## Foreign Language

French, and Spanish are the languages that have opened new roads to us; roads of knowledge leading into spheres of interest. These roads introduce new cultures, develop understanding between peoples, and add interest to history, art, and literature.

# Commerce

The business courses of typing, shorthand, general business, business law, bookkeeping and secretarial practice, enable students to secure jobs after high school graduation, as well as aiding in college studies.

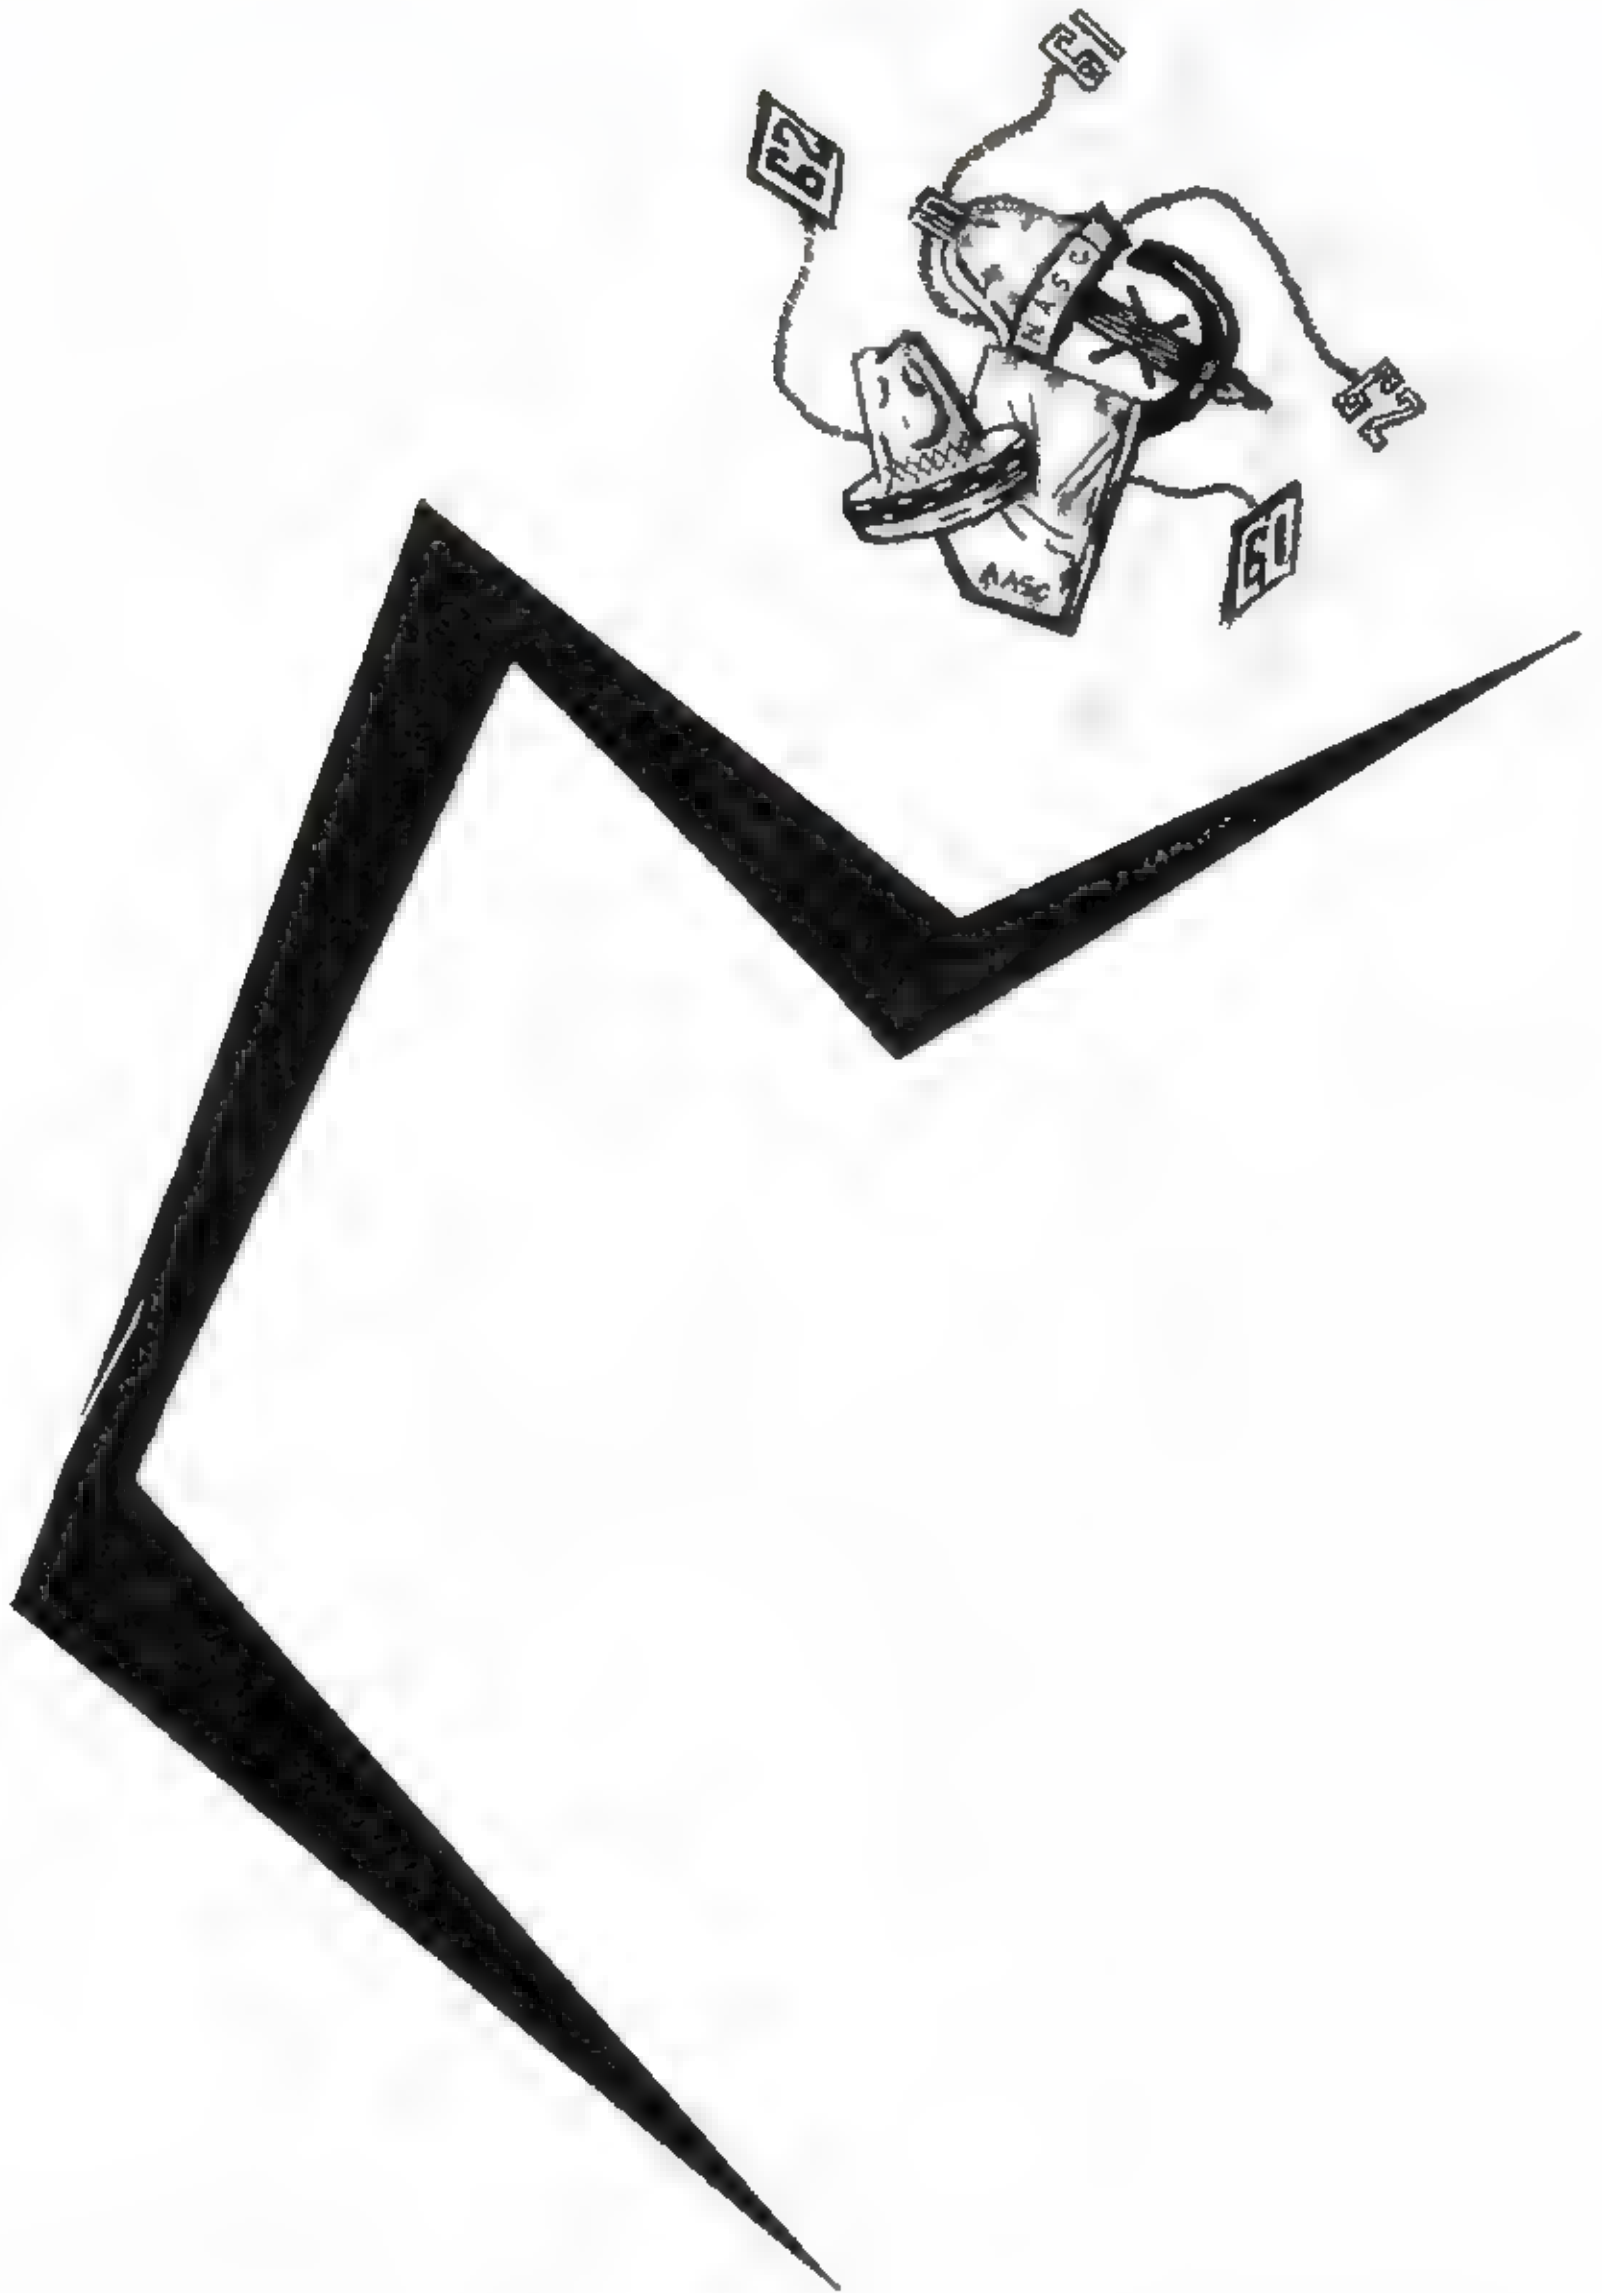

In our generation, the demand for business leaders and workers has been great, and business prepares our students for these positions.

## Secretarial Practice

Secretarial practice, a special course offered for girls interested in being secretaries, covers a combination of all business courses.

AGRONOMY TEAM

FFA is an intra-curricular activity originating in a definite part of the school curriculum—vocational agriculture. Although this is true, FFA also functions as an extra-curricular activity, with its members engaging in such projects as holding a hayride, sponsoring dances, and presenting an assembly.

The various FFA team represent Agua Fria in competitions from the district to the state level.

The creed of the Future Farmers of America can be expressed, in essence, by the organization's motto:

LEARNING TO DO  
DOING TO LEARN  
EARNING TO LIVE  
LIVING TO SERVE

## Girls'

Girls' League started its busy year with a get-acquainted pajama party. Shortly after this, planning began for the annual Winter Fantasy, which was held this year on January twenty-seventh.

Because of its increased membership, Girls' League instituted a point system during the past year. This enabled seventy of the most active of the club's participants to take part in the yearly camping trip.

Also new this year were a slogan sucker sale and the sale of Girls' League pins.

Imaginative decorations set the theme, "Over the Rainbow", for the Winter Fantasy.

Publishing the Desert Howl gave the journalism class experience in all phases of newspaper work. It included writing various types of stories, selling advertisements, copy and proof-reading, and learning to make-up and paste-up the paper.

Perhaps the most memorable part of the course was learning to meet unyielding printer's deadlines.

ADVISOR  
MRS. MARTHA MOORE

At the first of the year, the members of the annual staff composed a calm, normal-looking class under the direction of Mrs. Martha Moore. From this emerged the real annual staff—wild-eyed and frenzied as they desperately attempted to meet rapidly approaching deadlines by searching frantically for misplaced pictures, lost layout sheets, and previously written copy.

Somehow, the '62 Wickiup was completed, and the staff sincerely hopes you enjoy this collection of memories from the past year.

(Right) Adding the last touches in preparation for a deadline (left to right): Nikki Goay, Organizations and Activities; Joanne Koons, Juniors; Monty Richardson, Ads; Charlene Walrad, Organizations and Activities; Lynda Marquess and Richard Pearce, Curriculum, and Nereida Coulter, Honors section.

## Band

MR. JOHN PUTNAM

MAJORETTES: (left to right) Pam Lawrence, Susan Hawkins, and Pam Busey.

The AF band (above) was extremely busy during football season playing during the games and presenting half-time programs.

While the choir and chorus (facing page) usually work together to present fine musical entertainment, the choir was occupied also with outside interests this past year. One of the highlights of their year was a tour of California.

The majorettes work with the band spending many hours to perfect the routines they demonstrate at the football games. Susan Hawkins' fire-baton-twirling act was one of the most notable of their exhibitions.

## G.A.A.

G.A.A. was organized in 1956 with only 20 participants. Its membership has since swelled to 150, and with its expanded size have come increased activities. This past year, G.A.A. hosted the annual Volley Ball Sports Day and held a Mother-Daughter tea and banquet in the spring at which awards were given out.

COACH FULTON

Agua Fria completed the most successful season in the history of the school, climaxing an undefeated regular season with 20 straight victories. The Owls won the Arizona State Class 'A' Championship by defeating Ajo, Snowflake, and Nogales in that order. The only blemish on the record was a 56-48 defeat in the semi-finals of the District Tournament to Snowflake. The final game saw the close of brilliant high school careers for six seniors: Isaac Mason, Ruben Jimenez, Monty Garcia, Ivan Hunt, Tony Soto, and Joe Pressley.

Mr. O.K. Fulton, the coach of this fine team, had this to say, "It has been a great experience and a tremendous pleasure to work with these young men. They have shown excellence in every phase of the game. Each doing that which he could do best for the best interests of the total effort. Agua Fria can well be proud of their 1961-62 basketball team."

## ... Our Special Thanks

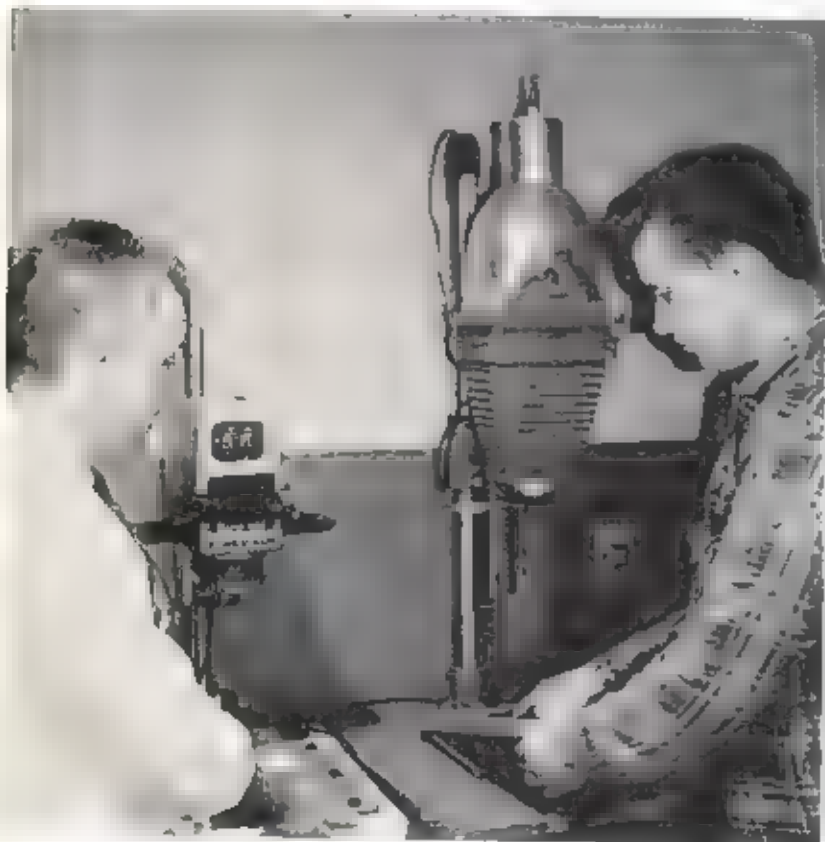

MR JOHN THORNTON WESTPHAL

To Mr. Westphal, our official photographer, we owe our heartfelt thanks for his perseverance and endurance and for giving unreservedly of his time and energy to help us, the annual staff, assemble this publication for you.

Many of his evenings were spent here at the school (till nearly midnight!) developing pictures and making prints and enlargements to fit layouts for the annual.

More than that, we thank him for his patience, for listening to and understanding our problems and, whenever possible, guiding us through our difficulties.

Because of all these things, we take this opportunity to voice our earnest thanks to our special mentor, Mr. John Thornton Westphal.

Mr. Westphal has been helped in taking pictures for the *Wickiup* by Don Hilty, shown above

Both Mr. Westphal and Don developed pictures and made prints and enlargements for us
